[fomus2016@gmail.com](mailto:fomus2016@gmail.com)

This workshop aims to investigate and discuss suitable foundations of mathematics and their qualifying criteria, with an emphasis on set theory and Univalent Foundations. Designed as a hybrid between summer school and research conference, this interdisciplinary gathering is addressed to students and researchers from the fields of mathematics, philosophy and computer science.

Organisers: Balthasar Grabmayr (Tel Aviv, ISR)  
Deborah Kant (Berlin, GER)  
Lukas Kühne (Bonn, GER)  
Deniz Sarikaya (Hamburg, GER)
